

Maintenance and Airworthiness, and Runway Safety

The Wisconsin FAASafetyTeam will present a program and discussion of what a pilot/owner/technician should know about aircraft maintenance with information that your CFI may not have taught you. Also hear the latest information about runway safety and pilot deviations.

Directions: The FAA Safety Center is just South of the tower and just North of the EAA Warehouse.

A message from the National FAASafetyTeam Manager

WINGS – The better way to meet your Flight Review requirement!
